

PATRIOT

PREPARATORY ACADEMY

Revision Program Agreement (6th-12th Only)

At Patriot Preparatory Academy we value the partnership among parents, students, and teachers. This relationship is key to success at PPA. This represents an agreement between the school, our students and their parents. There has been research done on middle and high school students that has documented significant relationships between students' perceptions of support and caring from parents, teachers, and peers to multiple aspects of positive student motivation and success in school.

These following pledges are essential to the mission of our school.

As faculty and staff we pledge to:

- Establish a safe and caring learning environment.
- Monitor and nurture the education and growth of each student.
- Assess student work in a timely manner.
- Communicate student progress via ProgressBook, emails, phone calls, conferences, and/or letters home.

As a student I pledge to:

- Contribute to a safe and caring learning environment.
 - Communicate honestly and respectfully with parents, teachers, and peers.
 - Complete best work, first time, on time.
 - Revisit work not at mastery in a timely manner.
 - Meet with teachers to ask questions, to clarify understanding of concepts/skills, and to revisit assignments.
 - Keep track of assignments in planner and continually monitor ProgressBook updates.
- Continue to explore and develop successful organizational strategies.

As a parent/guardian I pledge to:

- Read and familiarize myself with the attached Revision Policy.
- Establish a safe and caring learning environment at home.
- Monitor student progress via **ProgressBook** for updates.
- Provide continued support and structure for completing assignments.
- Communicate with Patriot staff *immediately* regarding questions and concerns.
- Stay informed about Patriot through the Patriot website, emails, letters home, and parent nights.
